

Councillor Mark Basham's **Northfield** **Rezoning News** ^{No. 3}

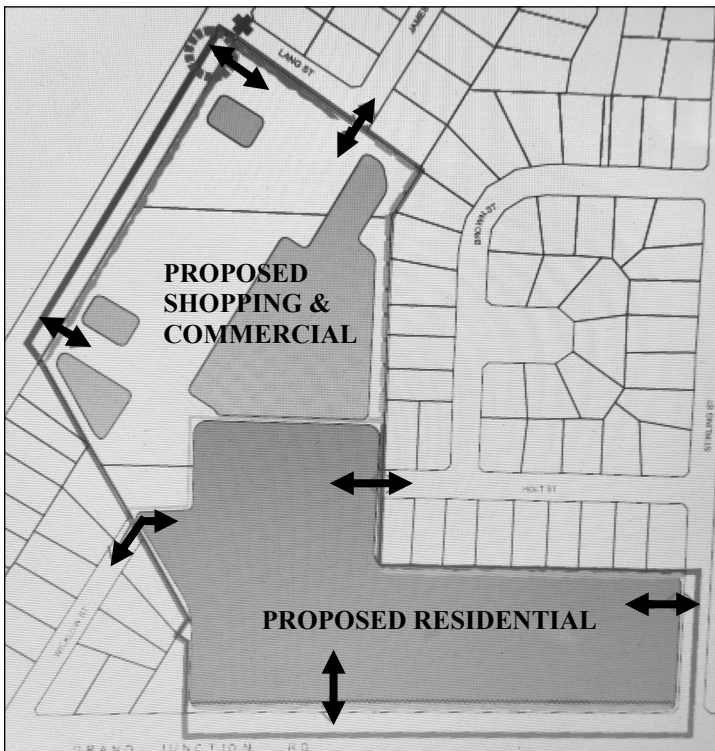

Last days for Community Consultation - get yours in!

The proposed rezoning (Northfield Light Industry DPA) is reaching its final stages. You have until 5pm this Friday November 18th to have your say, so I am suggesting, regardless of what your opinion is, that you have your say **now**.

To help you with this, I have created a template on the reverse of this sheet, that has all the information you need laid out on it, you just have to fill it in.

Once filled in, you can post it, drop it off at a Council library, scan and email it to Council at customer.service@portenf.sa.gov.au or ring or email me and **I will pick it up from your home any day this week.**

Regardless of your opinion, please take this opportunity to have your say so Council and the State Government know what your thoughts are on this major proposal.

Council is holding a public meeting on the proposed rezoning on Tuesday December 6th from 7pm at the Hillcrest Community Centre.

To be able to speak at this meeting, you **MUST** indicate on the form overleaf that you wish to speak, or reserve your right to speak. If you do this, then you have the right to speak, have someone else speak on your behalf (anyone), turn up but choose not to speak, or not even turn up at all, according to what suits you. Don't miss this opportunity!

You may be wondering that if you complete the form overleaf you won't have this sheet for information if you don't have access to a photocopier.

If you want me to drop you another copy of this newsletter, just ask me to, and I shall do so.

What are my neighbours saying?

I have heard varied responses to aspects of the proposed rezoning so far, including:

- ⇒ "Great to have a new shopping centre in this area."
- ⇒ "Don't want to have a road along my back fence."
- ⇒ "Prevent traffic access to the shops from sidestreets."
- ⇒ "Don't close Lang Street."
- ⇒ "If Lang Street is closed then open Neville Street." and "Don't reopen Neville Street."
- ⇒ "Prevent 3 storey buildings next to my home."
- ⇒ "The contaminated land must be cleaned up."
